The John Berne School

Monday 27 March 2017

SJC Parlour | 8.00am-9.30am

Hear about the incredible and unique work of *The John Berne School* – a Marist school that changes lives.

Berne is a school for vulnerable students in Years 7-10 who face a variety of social, emotional and academic challenges and often struggle to thrive in the main stream schooling system.

The school's motto, *Hope Always*, reflects the teachers' vocation to students and their belief that by rebuilding faith, trust and confidence, they can help change the students' lives and empower them to achieve their full potential.

There is no charge for this event.

A light breakfast, tea and coffee will be provided by SJC Year Reps.

Phoebe Mitsak

I'm Phoebe Mitsak, School Counsellor (psychologist) at The John Berne School. I feel blessed to be in this role, as I have the opportunity to work with students to assist them to address their struggles and empower them to make changes. The John Berne School is a unique work environment because it is a small community and implements a flexible learning environment. This allows me to forge trusting relationships and work creatively to assist each student to address their individual needs. I love working here because I am able to see how the students make positive changes to their lives and flourish in this environment to meet their full potential.
