Interested in selling your books?

Students will be provided with slips to write their name, ID number, name of textbook and year currently at the College. A slip needs to be completed for each text book for sale, and affixed to the front of the book. Textbooks are then collected from students and sent down to the Mezzanine level of the Resources Centre.

At the point of sale the slips are removed from the textbooks and recorded to enable the Finance Office to then credit your son's account. Please discuss with your son as to whether he should be handing his textbooks in for sale. Note that if textbooks are not sold and not collected at the end of the sale (5pm) then they are either given to charity or thrown out. You are encouraged to take advantage of the Sale as it can be a saving to you in purchasing textbooks for 2020 as well as receiving money back for your son's textbooks he no longer needs.

If you have any queries regarding the Second Hand Book Sale the P&F Co-ordinator, Lisa McEvoy, is only too happy to answer them. She can be contacted by email treerific@bigpond.com or on her mobile 0437 048 247.
