

ST JOSEPH'S
COLLEGE

HUNTERS HILL

Year 10 Learning Targets Term One, 2021

Week 2 onwards

1. **Subject Specific Language** is foundational to success in the HSC. **Write important subject specific terms at the bottom of each page** in your workbook each lesson. Write these words in red or highlight them so that they stand out. Writing them at the bottom of your class notes will give these words context when you return to them for revision and exam preparation.
2. **Get to know the Marking Guidelines.** The Marking Guidelines make very clear the qualities that characterise different levels of achievement. They are a framework for improvement and success.
3. **Work well together in class.** In the HSC our examination average will moderate (adjust) our assessment marks. It is, therefore, important to work well as a group. **The times of tolerating disruptions in class are over!**
