RSVP [Click here](#)

We are thrilled to be re-launching this popular literary event.

Students who are unable to bring a guest are welcome to join us, but must RSVP to attend.

About the Author

Craig Reucassel is an Australian writer, comedian and broadcaster who is best known for his work with *The Chaser* and for going through your bins on *The War on Waste*.

About the Book:

Most Australians accept that climate change is real, but many don't know what to do about it and feel powerless to make a difference. In *Fight for Planet A*, the book of the ABC series of the same name, Craig Reucassel shows that it isn't as scary as we think, and we can make a difference to help protect the world for future generations.

The Chaser comedian and presenter of War on Waste sets out solutions and practical day-to-day changes we can make to reduce our carbon footprint, as well changes our governments need to make without further delay.

Featuring a few shocking statistics to make you sit up and take notice, plus many more pro-active tips and strategies for everyday Australians who want to make a difference, *Fight for Planet A* is for anyone who has no Planet B – which is most of us.

About the Books & Blokes Series:

The **SJC Books & Blokes** series began in 2012 as part of an initiative to encourage all men at Joeys to read. This breakfast series aims to encourage men both at home and in the college community to share their love of reading with the boys, to talk about and recommend books they have enjoyed and to help spread the message that **“It’s OK for Blokes to Read”**.

We aim to bring in a broad range of inspirational and interesting speakers to share their stories with the “men” at Joeys over a casual and laid back breakfast. To read about past events, [click here](#)

The Br Liguori Resources Centre staff look forward to seeing you at this event.
